

STUDENT SUCCESS RESEARCH-PRACTICE SYMPOSIUM

MAY 26, 2021 | 8AM - 3PM CST

- 8:00 AM** **Building a Research-Practice Partnership**
After a brief welcome, our hosts will share how the Student Success Through Applied Research (SSTAR) Lab came to fruition.
- 9:00 AM** **Activity – Why Are We Here?**
- 9:15 AM** **Research vs. Practice**
The pre-symposium survey results will be shared and we will also discuss how the archetype of research and practice has been established through the experiences of seasoned professionals.
- 10:00 AM** **Fifteen Minute Break**
- 10:15 AM** **Current Events: How and Why We Turn to Research to Answer Topical Issues**
Current events can have a significant impact on higher education. We will explore how and why we engage topics through research and which topics practitioners think should be explored in the future.
- 11:15 AM** **Forty-Five Minute Break**
- 12:00 PM** **Field of Study Breakout Rooms**
We will convene in three breakout rooms to explore topics further. Two researchers will share some of their relevant research with the group, while a practitioner will share their perspective as well as serve as moderator to get opinions from practitioners in the field.
- 1:30 PM** **Fifteen Minute Break**
- 1:45 PM** **Bringing It All Together**
We will also explore how we can better partner to bring research and practice together in the future.
